

CD-R 700MB 52X DataLifePlus Crystal Thermal Printable - 50pk Spindle (94938)

Reorder Number	94938
Pack Size	50 pk Spindle
Capacity/Speed	700MB/52X
Brand	DataLifePlus
Surface	Crystal Thermal Printable

Now available also in a shiny “crystal” coat surface for sharp, clear graphics using color thermal printers the preferred choice is the Verbatim DataLifePlus CD-R Color Thermal 50-pack. Compatible with Rimage Everest printing technology and other color thermal printers these 52x speed certified CD-R discs have a silver “crystal”, thermal, scratch resistant surface. This surface optimizes thermal printing for superb high-resolution reproduction of graphics text and logos. Ideal for CD duplicating. Discs feature the proprietary, innovative “Super Azo” dye providing long-term data security and superior resistance to UV irradiation. As with all Verbatim optical products, these CD-R color thermal printable discs are backed by a Limited Lifetime Warranty.

- 80 Minute / 700MB High Speed 52X Recording
- Compatible with Rimage Everest and Prism Thermal printer technology
- Optimized color thermal printable layer
- Provides excellent reproduction of color text and graphics
- High Speed/High Performance Super Azo Dye Technology
