Portable Monitor Range

For work. For play.

Range Overview

When you're on the move, working from a café, presenting in a boardroom, gaming on the go, or simply extending your screen at home, you need a monitor that keeps up. Verbatim's portable monitor range delivers high-definition displays, smart connectivity, and travel-friendly design so you can go further, stay out longer, and do even more.

Our portable monitors combine crisp Full HD displays, IPS technology, and wide viewing angles, ensuring your content always looks its best. Whether you're collaborating on documents, creating presentations, editing media, or simply streaming, the visual experience is sharp, clear, and immersive.

Beyond the display, our monitors are designed with real-world users in mind. From lightweight and ultra-slim options for frequent travelers to models with touchscreen capabilities for creative professionals, there's a solution for every workflow.

Whether you're a student, professional, creative, or gamer, Verbatim portable monitors offer the flexibility to adapt to your lifestyle. They let you transform any space into a productive, interactive environment, and with Verbatim's trusted quality and 2-year warranty, you can feel confident wherever you go.
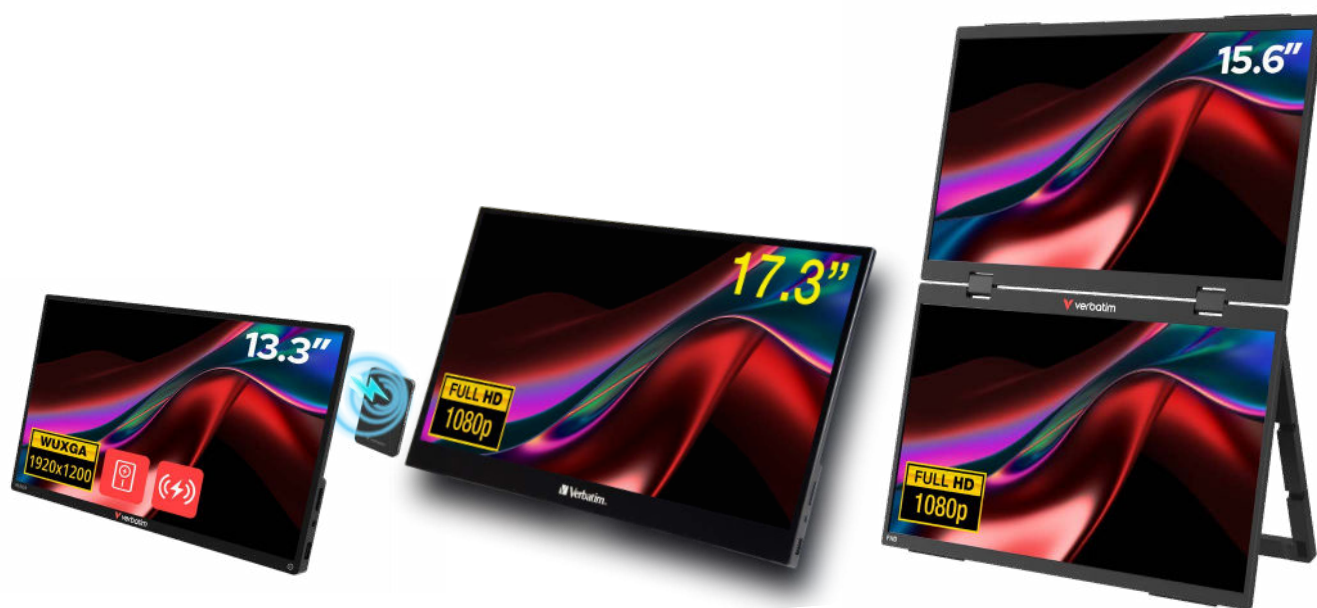

verbatim.com

Features

- Extra screen power - extend your workspace or entertainment with Full HD displays

- Plug-and-play simplicity - USB-C or HDMI, minimal fuss

- Lightweight and travel-ready - packs into your bag, ready to go

- Fit for tomorrow - touchscreen, wireless charging, metal housing, and modern finishes

- Range of screen size options, from 13.3" to 17.3"

- Touchscreen and non-touchscreen options

- Backed by Verbatim quality, reliability, and 2-year warranty

Choose the Right Portable Monitor for your Needs

Use the table below to match your usage scenario and select the model that fits you best.

	Sceen Size	Physical Size (mm)	Weight (g)	Touch Screen	Frame Type	Wireless Power supply	Other Features	Best For
49590	14"	322 x 205 x 12	540		Plastic		Built-in kick-stand; Full HD 1080p	Business professionals needing a secondary display on the go
49591	14"	329 x 209 x 12	860	✓	Aluminium	✗	Built-in kick-stand; Full HD 1080p	Presenters, creatives, and educators needing interactivity

Life works better with Verbatim, no matter what you're doing or where you are.

Portable Monitor

Full HD 1080p – 14"

Extra screen space on the go.

The PM-14 is a sleek 14-inch Full HD portable monitor designed for professionals, students, and remote workers who need additional screen space on the go. Its IPS panel delivers wide 178° viewing angles and vibrant colours, making it perfect for presentations, spreadsheets, and video streaming.

Ultra-slim and lightweight (~540 g), the PM-14 easily fits into backpacks or briefcases, ensuring it's ready whenever you need it. Its robust connectivity options, including USB-C and HDMI, allow seamless integration with laptops, tablets, and other devices.

Ideal for business professionals, remote learners, and travellers, the PM-14 provides the convenience of a secondary display without adding bulk. Its built-in kickstand ensures stability on any surface, while the integrated speakers provide audio support for multimedia applications.

Features

- 14" Full HD (1920×1080) IPS panel
- Ultra-thin & lightweight (~540 g)
- USB-C (x2) and HDMI connectivity
- Built-in stereo speakers
- Built-in kickstand & tilt
- Wide 178° viewing angles
- 2-year warranty

Full HD 1080p – 14", 15.6" – Light Series

Flexibility and portability in one.

The Verbatim Portable Touchscreen Monitor Light Series offers all the functionality of our premium touchscreen monitors in a slimmer, lighter, and more travel-friendly design. Available in 14″ and 15.6″ sizes, this series is made for users who need a reliable, high-quality second screen that's easy to carry wherever work or study takes them.

With its lightweight build and slim profile, the Light Series is perfectly suited for mobile professionals, hybrid workers, and students. It fits easily into most laptop bags and backpacks, making it simple to set up a productive dual-screen workspace on the move, whether in the office, classroom, or café.

The responsive 10-point touchscreen delivers smooth and accurate interaction, while the USB-C single-cable connection ensures quick and clutter-free setup by handling both power and video. Whether you're extending your display, giving a presentation, or multitasking on the go, the Light Series provides the flexibility and performance you need in a truly portable form.

Features

- Available in 14″ and 15.6″ Full HD (1080p) touchscreen models
- Lightweight, slim design for portability
- USB-C single-cable connection for power and video
- Foldable stand for convenient setup and flexible viewing angles
- Perfect for mobile professionals, hybrid workers, and students who need a lightweight, travel-ready dual-screen solution

Portable Monitor

Full HD 1080p – 15.6" – Light Series

Flexibility and portability in one.

The 15.6" LIGHT Series monitor offers an expanded workspace for users who need larger displays without sacrificing portability. Its Full HD IPS panel delivers clear visuals and wide viewing angles.

Lightweight and slim, this model is ideal for professionals, educators, and content creators who require a larger screen for productivity, presentations, or media editing. USB-C and HDMI connectivity simplify integration with laptops and other devices.

Ideal for those needing extra screen real estate in a portable format, this monitor balances size, performance, and convenience.

Features

- 15.6" Full HD (1080p)
- Lightweight, slim design for portability
- USB-C single-cable connection for power and video
- Foldable stand for convenient setup and flexible viewing angles
- Perfect for mobile professionals, hybrid workers, and students who need a lightweight, travel-ready dual-screen solution

Dual Portable Monitor

Full HD 1080p – 15.6″ Dual Screen

Flexibility and portability in one.

The Dual Monitor Essentials setup provides two 15.6″ Full HD displays in a single portable solution. It is perfect for professionals requiring double the workspace, such as traders, designers, and content creators.

USB-C and HDMI connectivity make setup quick and compatible with multiple devices, while its portable design ensures easy transport between offices, classrooms, or temporary workstations.

Ideal for users who need enhanced multitasking capabilities and extended screen space without permanent installations, the dual monitor solution brings productivity and convenience together in one package.

Features

- Dual 15.6″ Full HD (1080p) IPS Panels
- 178° viewing angle with 16:9 aspect ratio
- USB-C single-cable connection for power and video
- Supports Extend*, Duplicate, and Ultra Display modes (*Windows only)
- Auto-rotation support for top screen when folded
- Ideal for productivity and presentations
